Feeder 8-Channel Pump and Boiler Control

- Possibility to connect a thermostat and up to 5 thermo-electric actuators to every channel
- Relay output for pump and output to the interlocked relay for boiler
- LED indication of the status of each channel
- Possibility to connect the external clock to deactivate the thermostats, or, if the thermostats are provided with this function, to put them in reduced mode

Power supply: 230V ± 10%
Frequency: 50Hz
Ingress Protection: IP44
Contact rating: 5A @ 250V ~ SPST
Dimensions: 125 x 320 x 67 mm
Maximum load: 2A total – 1.25A for each channel
